These two logos may be used only if the horizontal format is unsuitable due to layout reasons.
You may not:

- Transform, edit, or divide the logo
- Change the proportions, positioning, or character spacing
- Change the colors or add effects
  (e.g. adding a shadow, embossing, glow)
- Change the logotype typeface
- Combine with other marks, logos, icons, etc.
- Add an image to the logo
- Rotate or flip the logo
- Use the logo as part of text
- Use for services or products unrelated to Clip Studio Paint

As long as the logo is able to be seen clearly,
it is permitted to overlay the logo onto a background
such as an illustration or photo.

Grade Logo

In most cases, use the logo without grade specification.

The logo with grade specification may be used only when it is necessary to clearly state the grade (EX, PRO, or DEBUT), such as when two logos are displayed.

The clear space is the same as for the horizontal logo without grade specification. (For the EX logo, please leave at least 1.2A space after the final X.)
